Rainforest.

Where you'll find us.

Rainforest is uniquely located in the heart of South Island Glacier Country.

Located in Franz Josef village, Rainforest is minutes from Franz Josef Glacier and within half an hours drive of countless local activities and scenic spots within the Te Wahipounamu World Heritage Area. With so much to do nearby, Rainforest is the perfect place to base yourself while exploring New Zealand's Glacier Country and wild West Coast.

Old growth Rainforest.

Set amongst native bush, our existing Rainforest Retreat Tree Huts, Tree Lodges and Tree Houses are embraced by the surrounding environment. A wide range of accommodation configurations are available, and our friendly and courteous team will ensure you have an amazing stay enjoying the best the West Coast has to offer.

Space and seclusion amongst the bush. Our original Rainforest Retreat Tree Huts, Tree Lodges, and Tree Houses are also available.

Rainforest for all.

Something for every traveller. A Flashpackers, Holiday Park, and an on-site restaurant + bar.

Whether travelling on a budget, exploring the South Island in a motor-home, desiring a touch of civilisation after roughing it, or passing through and needing refreshment, Rainforest can cater to all needs. Our extensive on-site facilities including our restaurant + bar Monsoon, self catering kitchens and bathroom facilities, and a communal sauna and spa pool available for the enjoyment of all guests.

In the centre of everything.

There's a wealth of incredible things to do in the surrounding area – glaciers to be conquered, lakes to kayak, rivers to raft, bush walks to discover, hot pools to soak in, trails to bike, and even planes to jump out of!

Glacier Country is filled with incredible experiences to enjoy. Rainforest is a fantastic base to enjoy them from.
